

12x18 Calendar

The new 12" x 18" Calendar is a fantastic addition to StoryBook Creator Plus 3.0 Software. This 12-month calendar is perfect for including your favourite page designs from StoryBooks and Page Prints or for using predesigned templates to create your calendar pages.

When the month is over, simply remove the spiral binding and trim across the top and bottom of the page and place the 12" x 12" page in a traditional album using Side-Loading Sleeves, or put it in a PicFolio® Max Album or on an Everyday Display.
